

VERY IMPORTANT SONIC ACTIVISM!

VISA EP - ELETRONIC PRESS KIT

Launch event: 13/09/2026 - Launch Festival at McNeills Bar in Govan Hill, Glasgow - [Click for more info.](#)

WE ARE MAKONGO!

Makongo is releasing a new project *VISA - Very Important Sonic Activism* a three tracks EP to follow up from our debut album *Passport* (2026).

This project is a loud and unapologetic musical reaction to the rising divisive rhetoric, in our community, a call for love, unity and tolerance.

We have set the tone in our previous project *Passport* where the proposition was to showcase how diversity can work harmoniously and people from different backgrounds can create positive things together.

Since then we have taken our music and message to many stages around Scotland from Festivals such as Knochengoroch, Eden, Refugee Festival Scotland, Govan Hill Festival and many others, always with very positive reception.

Through it all we are evermore motivated to continue spreading this important message. In **VISA** we invite you to continue the journey with us, with three original songs , *You can!*, *Join now!* and *Never stop!* all of them vibrant and fun anthems with bold exciting arrangements independently produced in Glasgow.

Join us in spreading this great news, we are available for any feature, Interviews, critics, showcases, or to collaborate in any capacity that can help us promote this release.

The EP will be rereleased on a Live event on the 13 of september 2026 at McNeills bar in Govan Gill, Glasgow and online at Makongo Bandcamp page.
